Such questions must be received by no later than 5pm (Melbourne time) on Monday, 6 November 2017.

EXPLANATORY NOTES

The Explanatory Notes should be read in conjunction with, and form part of, the Notice of Meeting.

Item 1 – Financial and Other Reports

No vote is required on the financial statements and reports. Shareholders will be given a reasonable opportunity to ask questions on the financial statements and reports. Shareholders will also be given a reasonable opportunity to ask the Company's auditor, Ernst & Young, questions relevant to:

- c) the accounting policies adopted by the Company in relation to the preparation of the financial statements; and
- d) the independence of the auditor in relation to the conduct of the audit.

Item 2 – Re-Election of Directors

ASX Listing Rule 14.5 requires any entity which has directors to hold an election of directors at each annual general meeting. Rule 69 of the Company's Constitution specifies that if no Director would otherwise be required (by Rule 69 or Rule 57) to submit for election or re-election but the Listing Rules require that an election of Directors be held, the Director to retire at the annual general meeting is the Director (other than an exempt Managing Director under Rule 71) who has been longest in office since their last election, but, as between persons who became Directors on the same day, the one to retire (unless they otherwise agree among themselves) shall be determined by ballot.

Winifred Kamit, having held office as a Director for a continuous period of three years since her last re-election to the Board, has

decided to retire from the Board with effect from the end of the AGM, and accordingly will not stand for re-election.

Once Winifred Kamit retires, Xiaoling Liu, Roger Higgins and Gerard Bond are the Directors who have been longest in office since their last election or re-election. In accordance with the rules referred to above, Xiaoling Liu, Roger Higgins and Gerard Bond have each decided to retire and, being eligible, offer himself or herself for re-election.

The Board, with the assistance of the Nominations Committee, has reviewed the performance of each of Xiaoling Liu, Roger Higgins and Gerard Bond and is satisfied that each of them continues to bring valuable expertise and experience to the Board and has endorsed the nomination of each of them as candidates for re-election. Further information in relation to each candidate is set out below.

The Board (with Xiaoling Liu abstaining) unanimously recommends Xiaoling Liu for re-election.

The Board (with Roger Higgins abstaining) unanimously recommends Roger Higgins for re-election.

c) Gerard Bond

Gerard Bond joined the Company as Finance Director and Chief Financial Officer in January 2012 and was appointed as an Executive Director in February 2012.

He is an alternate director of the World Gold Council.

Gerard is a Chartered Accountant and a Fellow of FINSIA.

The Board (with Gerard Bond abstaining) unanimously recommends Gerard Bond for re-election.

Item 3 – Grant of Performance Rights to Executive Directors

Item 3(a) – Sandeep Biswas

In accordance with ASX Listing Rule 10.14, the Company is seeking the approval of shareholders for a grant of performance rights (**Rights**) to the Managing Director and Chief Executive Officer, Sandeep Biswas, pursuant to the Newcrest Mining 2017 Long Term Incentive Plan (**LTIP**).

LTIP Terms and Conditions

If shareholder approval is obtained, the Board intends to issue the Rights shortly after the Company's 2017 Annual General Meeting, and in any event no later than 12 months from the date of the meeting. Rights will be issued at no cost to Sandeep Biswas and no amount is payable on vesting of the Rights. Rights will be granted subject to and under the terms of the LTIP. Rights do not carry any dividend or voting rights prior to vesting.

Each Right entitles the holder to one fully paid ordinary share in the Company, subject to the satisfaction of the vesting conditions described below (and any adjustments under the LTIP Rules if any bonus issues, rights issues or other capital reconstructions occur after the Right is granted). Shares allocated on vesting of Rights will rank equally with ordinary shares in the Company.

The number of Rights to be granted to Sandeep Biswas will be calculated by dividing his maximum Long Term Incentive (**LTI**) opportunity under his terms of employment (being 180% of his total fixed annual remuneration (**TFR**) of A\$2,300,000) by the volume weighted average price (**VWAP**) of the Company's shares traded on the ASX over the five trading days up to but not including the date of grant.

As noted in the 2017 Remuneration Report, following a benchmark review against competitors in the global gold industry, the Board resolved to increase Sandeep Biswas' maximum LTI opportunity from 150% of TFR to 180% of TFR with effect from the 2017 LTI grant. It was the first increase in remuneration opportunity for Sandeep Biswas since his appointment as Managing Director and Chief Executive Officer in 2014. His TFR has not increased since his appointment.

The Board may round the number of Rights determined under the above formula up or down as deemed appropriate.

By way of example, if the VWAP of the Company's ordinary shares in the five trading days leading up to the date of grant is A\$21.00, then Sandeep Biswas would be granted $A\$2,300,000 \times 180\% / A\$21.00 = 197,143$ Rights under the LTIP.

Vesting of those Rights will be subject to the LTIP Rules and in particular satisfaction of applicable performance conditions described below.

If the Board determines the performance conditions are satisfied, Rights will be automatically exercised. On vesting and exercise of the Rights, the Board has the discretion, subject to the LTIP Rules, to issue new shares, purchase existing shares on-market or to pay a cash equivalent amount. The Board retains overriding discretion to adjust the number of rights that will vest to ensure that any LTI award is appropriate.

Once vested, any allocated shares will be subject to a 'holding lock' under the LTIP Rules for a period of 12 months from the vesting date. During this 'holding lock' period, the shares may not be sold or otherwise dealt with. In addition, clawback provisions apply to the LTIP award to allow the Board to recoup or reduce awards should these subsequently be found to have resulted in an inappropriate benefit being conferred in certain circumstances, including, for example, the fraud or misconduct of a participant or a material misstatement or other event or error in the financial results of Newcrest.

The Board considers that Sandeep Biswas' participation in the LTIP is a critical mechanism by which to incentivise performance in line with shareholder interests. If shareholders do not approve the grant of Rights at the Annual General Meeting, it is intended that an equivalent LTIP award will be provided in cash, subject to the same performance, service, vesting and other conditions as described below, in order to ensure that Sandeep Biswas is entitled to participate in the LTIP.

Performance Conditions

Vesting of Rights granted to Sandeep Biswas under the LTIP will be subject to satisfaction of the following three equally weighted performance conditions:

- Comparative Cost Position;
- Return on Capital Employed; and
- Relative Total Shareholder Return.

These measures have been chosen by the Board, after consultation with its external remuneration consultant, to reflect the key drivers behind Company performance and to align reward outcomes with shareholders.

1) Comparative Cost Position

The Company's measure for the Comparative Cost Position is the 'All-in Sustaining Costs' (**AISC**) measure, as determined and reported in accordance with the World Gold Council Guidance Note on Non-GAAP Metrics: All-in Sustaining Costs and All-in Costs, adopted by the Company in relation to costs reporting.

The AISC incorporates costs related to sustaining production. An independent data service, which offers access to broad-based industry cost and production data is used. The comparison is made by ranking the Company's performance over a period of three years from 1 July 2017 against other producers included in the independently managed and sourced data.

The vesting schedule for this measure is as follows:

- 0% vests if Comparative Costs are at or above the 50th percentile;
- 40% vests if Comparative Costs are less than the 50th percentile, but at or above the 25th percentile; and
- 100% vests if Comparative Costs are below the 25th percentile.

Straight line vesting occurs between the 50th and 25th percentile thresholds.

2) Return on Capital Employed (ROCE)

ROCE is an absolute measure, defined as underlying earnings before interest and tax (EBIT), divided by average capital employed, being shareholders' equity plus net debt.

ROCE will be assessed over a three year performance period from 1 July 2017 to 30 June 2020. For each of the three years of the performance period, ROCE is averaged to determine the number of Rights that may be exercised in relation to this performance condition.

Average capital employed is calculated as a simple average of opening and closing balances. If material equity transactions (for example, significant equity issuances or asset impairments) occur such that the simple average is not representative of actual performance, the average capital employed for the year is adjusted for the effect of these transactions.

Average capital employed for the purpose of this calculation excludes approved capital invested in long-dated projects until commercial production is achieved, so as to not discourage Management's pursuit of long-dated growth options.

The vesting schedule for the ROCE measure is as follows:

- 0% vests if ROCE is less than 6%;
- 30% vests if ROCE is 6%;
- 100% vests if ROCE is 13% or more.

Straight line vesting occurs between the 6% and 13% ROCE thresholds.

3) Relative Total Shareholder Return

Relative Total Shareholder Return (TSR) will be assessed over a three year performance period from 1 July 2017 to 30 June 2020.

TSR is the percentage growth in shareholder value, which takes into account factors such as changes in share price and dividends paid. The Relative TSR performance condition measures Newcrest's ability to deliver superior shareholder returns relative to its peer companies by comparing the TSR performance of Newcrest against the performance of the S&P TSX Global Gold Index.

The vesting schedule for this measure is as follows:

- 0% vests if TSR of Newcrest is below the index;
- 50% vests if TSR of Newcrest is equal to the index; and
- 100% vests if TSR of Newcrest exceeds the performance of the index by 18 percentage points or more.

Straight line vesting occurs to the extent that the TSR of Newcrest exceeds the index by less than 18 percentage points.

Treatment of Rights on Cessation of Employment

The LTIP Rules provide that all unvested Rights will lapse in the event of an employee's resignation or termination for cause. In all other circumstances, a pro rata number of Rights, calculated in accordance with the proportion of the LTIP performance period worked, will remain on foot, and will vest at the end of the performance period, subject to satisfaction of the original performance conditions and any applicable holding lock. The remaining unvested Rights will lapse on the employment cessation date. The LTIP Rules further provide that the Board has an overriding discretion to adjust LTIP vesting outcomes.

Change of Control

Upon a change of control event (as described in the LTIP Rules), the Board has the discretion to determine the extent, if any, to which early vesting on a full or a pro-rated basis is the appropriate outcome for LTIP participants, taking into account all relevant circumstances, or to deal with the Rights as it considers to be fair and equitable.

Item 3(b) – Gerard Bond

In accordance with ASX Listing Rule 10.14, the Company is seeking the approval of shareholders for a grant of Rights to the Finance Director and Chief Financial Officer, Gerard Bond, pursuant to the LTIP.

LTIP Terms and Conditions

If shareholder approval is obtained, the Board intends to issue the Rights shortly after the Company's 2017 Annual General Meeting, and in any event no later than 12 months from the date of the meeting. Rights will be issued at no cost to Gerard Bond and no amount is payable on vesting of the Rights. Rights will be granted subject to and under, the terms of the LTIP. Rights do not carry any dividend or voting rights prior to vesting.

The number of Rights to be granted to Gerard Bond will be calculated by dividing his maximum LTI opportunity under his terms of employment (being 100% of his total fixed annual remuneration of A\$975,000 per annum) by the VWAP of the Company's shares traded on the ASX over the five trading days up to but not including the date of grant.

The Board may round the number of Rights determined under the above formula up or down as deemed appropriate.

By way of example, if the VWAP of the Company's ordinary shares in the five trading days leading up to the date of grant is A\$21.00, then Gerard Bond would be granted

$A\$975,000 \times 100\% / A\$21.00 = 46,429$ Rights under the LTIP.

The terms of Gerard Bond's Rights are the same as described above for Sandeep Biswas in all material respects, including vesting conditions, overriding Board discretion, holding lock and clawback provisions and treatment of Rights on cessation of employment and on a change of control.

If shareholders do not approve the grant of Rights at the Annual General Meeting, it is intended that an equivalent LTIP award will be provided in cash, subject to the same performance, service, vesting and other conditions as described above, in order to ensure that Gerard Bond is entitled to participate in the LTIP.

Other Information Applicable to Items 3(a) and 3(b)

Sandeep Biswas and Gerard Bond are the only Directors who are entitled to participate in the LTIP. As it is a new plan, no previous grants have been made to a Director under it.

No loans are being provided to Sandeep Biswas or Gerard Bond under the LTIP.

Notice of Annual General Meeting 2017 continued

If shareholder approval is given for the issue of securities under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1.

Board Recommendation

The Board (other than Sandeep Biswas and Gerard Bond) unanimously recommends that shareholders vote **in favour** of both proposed resolutions in Item 3.

Item 4 – Remuneration Report

(Non-binding Resolution)

The Remuneration Report is set out on pages 74 to 95 of the Company's 2017 Annual Report and is also available on the Company's website. The Remuneration Report describes the Group's remuneration strategy and policy and the remuneration arrangements in place for each Executive Director, other members of the Executive Committee and the Non-Executive Directors (including the Chairman) during the year ended 30 June 2017.

This vote is advisory only and does not bind the Directors or the Company. Nevertheless, the discussion on this resolution and the outcome of the vote will be taken into consideration by the Board and the Human Resources and Remuneration Committee when considering the future remuneration arrangements of the Company.

The Board unanimously recommends that shareholders vote **in favour** of the resolution proposed in Item 4.

Item 5 – Renewal of Proportional Takeover Bid

Corporations Act requirement to renew

The Corporations Act permits a company to include provisions in its constitution prohibiting the registration of a transfer of securities under a proportional takeover bid, unless the relevant holders of the securities in a general meeting approve the bid.

It is a requirement of the Corporations Act that such provisions in a company's constitution apply for a maximum period of three years, unless renewed earlier. The Company last renewed its proportional takeover provisions in 2014.

The Directors consider it in the interests of shareholders to renew these provisions. Accordingly, a special resolution is being put to shareholders under sections 136(2) and 648G of the Corporations Act to renew Rule 104 of the Company's Constitution.

The effect of the proportional takeover provisions

The effect of Rule 104, as renewed, will be that where a proportional takeover bid is made for securities in the Company (i.e. a bid is made for a specified proportion, but not all, of each holder's bid class securities), the Directors must convene a meeting of holders of the relevant securities to vote on a resolution to approve that bid. The meeting must be held, and the resolution voted on, by the fourteenth day before the bid period closes.

To be passed, the resolution must be approved by a majority of votes at the meeting, excluding votes by the bidder and its associates. However, the Corporations Act also provides that if the meeting is not held within the time required, then a resolution to approve the proportional takeover bid is deemed to have been passed.

If the resolution is passed or deemed to be passed, the transfer of securities resulting from acceptance of an offer under the proportional takeover bid will be permitted, and the transfers registered, subject to the Corporations Act and the Constitution of the Company.

If the resolution is rejected, the registration of any transfer of securities resulting from acceptance of an offer under the proportional takeover bid will be prohibited, and the bid deemed to be withdrawn.

Rule 104, as renewed, will not apply to full takeover bids.

Reason for proposing the resolution

In the Directors' view, shareholders (and holders of any other relevant securities that Newcrest might issue) should have the opportunity to vote on a proposed proportional takeover bid. A proportional takeover bid for the Company may enable control of the Company to be acquired by a party holding less than a majority interest. As a result, the relevant holders may not have the opportunity to dispose of all their securities, and risk being part of a minority interest in the Company or suffering loss if the takeover bid causes a decrease in the market price of the securities or makes the securities less attractive and, accordingly, more difficult to sell. Rule 104, as renewed, would only permit this to occur with the approval of a majority of the relevant holders.

Advantages and disadvantages of the proportional takeover provisions

For shareholders, the potential advantages of Rule 104, if renewed, are as follows:

- It will provide all shareholders with the opportunity to consider, discuss in a meeting called specifically for the purpose, and vote on whether a proportional takeover bid should be approved. This affords shareholders an opportunity to have a say in the future ownership and control of the Company and may help shareholders to avoid being locked in a minority.
- This opportunity increases the bargaining power of shareholders which may encourage any proportional takeover bid to be structured so as to be attractive to at least a majority of shareholders. It may also discourage the making of a proportional takeover bid that might be considered opportunistic.
- Knowing the view of the majority of shareholders may help each individual shareholder to assess the likely outcome of the proportional takeover bid and decide whether to accept or reject an offer under the bid.

On the other hand, a potential disadvantage for shareholders arising from Rule 104, if renewed, is that proportional takeover bids may be discouraged by the further procedural steps that the Rule will entail, and, accordingly, it may reduce any speculative element in the price of the Company's securities arising from the possibility of a takeover offer being made. Shareholders may be denied an opportunity to sell a portion of their securities at an attractive price where the majority rejects an offer from persons seeking control of the Company.

While these proportional takeover approval provisions have been in effect in the past, there have been no proportional takeover bids for the Company. Therefore, there has been no example against which to review the advantages or disadvantages of the provisions for the Directors and the shareholders during this period.

The Directors do not consider that there are any advantages or disadvantages specific to the Directors in relation to the proposed renewal of Rule 104, or that have been applicable during the period that Rule 104 has already been in effect. The Directors will continue to remain able to make a recommendation to shareholders as to whether a proportional takeover bid should be accepted.

No person to acquire or increase its substantial interest

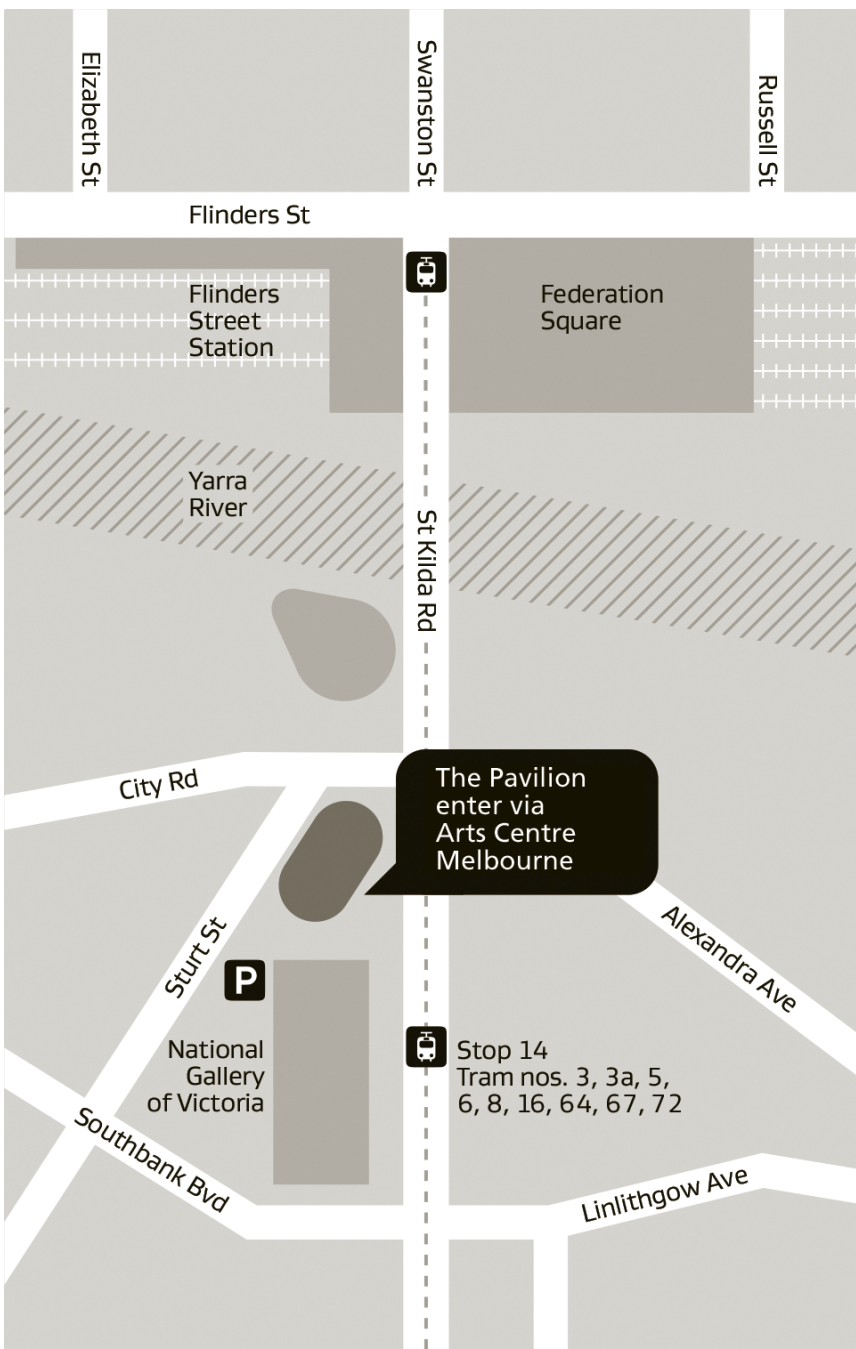

As at the date of this Notice, none of the Directors is aware of a proposal by a person to acquire, or to increase the extent of, a substantial interest in the Company.

Board recommendation

The Board unanimously recommends that shareholders vote in favour of the resolution proposed in Item 5.
